

Polyglaze®

PZ IMPREGNATOR

PRODUCT DESCRIPTION

Polyglaze PZ Impregnator is a water based impregnator for the protection of polished granite and marble surfaces. Its ecological formulation guarantees surface protection from dirt, water, oil and grease without changing the natural look and appearance of the surface.

AREAS OF APPLICATION

- ◆ Interior and Exterior Marble & Granites
- ◆ Other Natural Stones

ADVANTAGES

- ◆ Anti-stain
- ◆ Aesthetic look remains unchanged
- ◆ Eco-friendly formulation
- ◆ Durable and long-lasting
- ◆ Water and stain repellent
- ◆ Can be used on humid / damp surface

PACKAGING

- ◆ Polyglaze PZ Impregnator is available in 1L, 5L bottles and 25L cans

STORAGE & SHELF LIFE

- ◆ Store in a dry place away from moisture and sunlight
- ◆ 24 months from the date of manufacture in unopened sealed condition

PRECAUTIONS & LIMITATIONS

- ◆ Always perform a patch test on a small area before full application to check for surface compatibility and desired results
- ◆ Clean all tools with water immediately after application
- ◆ Mix well before use

APPLICATION METHODOLOGY

Clean the surface with water.
Ensure it is dry and dust free

Apply Polyglaze PZ Impregnator on the
surface using a brush, cotton cloth or sponge.

Apply the second coat after 60
minutes of the first coat drying.

Wipe off excess residue with a
cotton cloth or buffing pad after
2 hours. Allow it to cure for 24 hours.

PHYSICAL PROPERTIES

Physical Appearance

Transparent Liquid

Aspect

Nano Liquid

pH (5% in water)

7

Time to full cure

72 hours

COVERAGE

- ◆ Approx. 20 - 25 sq.m / litre per coat, depending on the porosity of the surface.
- ◆ Coverage will vary depending on the weather conditions, porosity, smoothness of the surface and application thickness

HEALTH & SAFETY

- ◆ Use a respiratory mask and protective gloves during application.
- ◆ Clean hands with soap and water after application.
- ◆ Avoid contact with skin / eyes. In case of unlikely contact, rinse eyes immediately with plenty of clean water and cleanse skin with soap and lukewarm water. Seek medical advice if irritation occurs / persists.
- ◆ In case of unlikely swallowing, seek medical attention immediately.
